EXPERIENCE

Cognizant — Intern

AUG 2022 - JAN 2023

Cognizant, Hyderabad — Jr. Software Engineer

MAR 2023 - AUG 2024

Development and enhancements of Web API, console, MVC, Ado custom applications. designing ER models using Agile methodology

EDUCATION

University of Central Oklahoma — Master's (Computer Science)

AUG 2024 - PRESENT

Robotics, IoT, Machine Learning Algorithms. (GPA 3.66)

Anurag Group of Institutions — Bachelor's (Computer Science)

JUN 2018 - MAY 2022

CGPA - 6.99

Narayana Junior College — SSC 12th

MAR 2018

Percentage 82.3%

PROJECTS

Health Monitoring Smartwatch — Internet of Things

An Electronic device programmed using embedded C with sensors which calibrate the levels of Temperature, abnormal heartbeat, body position, blood pressure, and sugar levels, This information is sent through internet or wifi signals. In Which the doctors, And nurses can monitor multiple patients.

SKILLS

.NET (ASP,EF,ADO) C#

HTML,CSS,JS,Node.

PL/SQL.

Git,Azure DevOps.

C,C++,Java,Py,Embedded.

Splunk,JIRA.

CERTIFICATIONS

TCS - iON

Agile Fundamentals

Azure DevOps Fundamentals

HTML,CSS,and JS for Web dev

ITIL 4

Boot Camp to Nuclear Phy.

Full course Circuit Analysis

OBJECTIVES

Build a drone, maneuver.

Design ML algo for path recognition.

Encryption and Decryption of radio communication.
